What should I expect with an online course?

Online classes blend the best of independent research with the traditional campus model in a virtual classroom environment. Over the course of the semester, you log onto classes for online lessons, assignments, discussions, etc.

*These courses are fully accredited by the Southern Association of Colleges (SACS).*

Materials are available to you 24 hours a day, 7 days a week throughout the term. During the course, the instructor may schedule times to meet online with you for discussion, lecture, and/or mentoring. The number of study hours necessary to complete a Tomlinson Center online course is similar to that of a traditional resident course.

*Bachelor of Science or Bachelor of Arts in Christian Ministries, awarded by Lee University.*

Online courses offered through the Tomlinson Center utilize the ANGEL online learning platform. To verify that your computer system meets the minimum technical specifications required for online learning, go to [angel.leeuniversity.edu](http://angel.leeuniversity.edu) and select HELP in the left column. Select "Resources" from the top menu bar and choose "Recommended Browsers and Computers." This link will list the hardware and software requirements for using the ANGEL online learning platform.
